

# Central Atlantic Margins Americas & NW Africa

Digital Maps, Regional and Block Evaluation Reports

**NEW** NOW available to purchase as individual countries **NEW**

## Introduction

The Central Atlantic report integrates the findings of more than 1400 scientific papers, well reports and exploration studies. The ArcGIS Digital Atlas and a series of Basin Dossiers summarise the geology and hydrocarbon prospectivity of both margins. We aim to speed up the time it takes exploration teams to understand frontier regions and fast track new ventures decisions.
