

# Indian Margins

West India | Bay of Bengal | Bangladesh | Myanmar

**Digital Maps, Regional and Block Evaluation Reports**

**NEW**

**NOW available to purchase as individual countries**

**NEW**

# Introduction

This project reviews the offshore basins of India, Bangladesh, Sri Lanka, and Myanmar to provide a geological and hydrocarbon potential assessment of the region. Geological information from the public domain has been summarised in a regional ArcGIS atlas with individual basin dossiers in PowerPoint format.

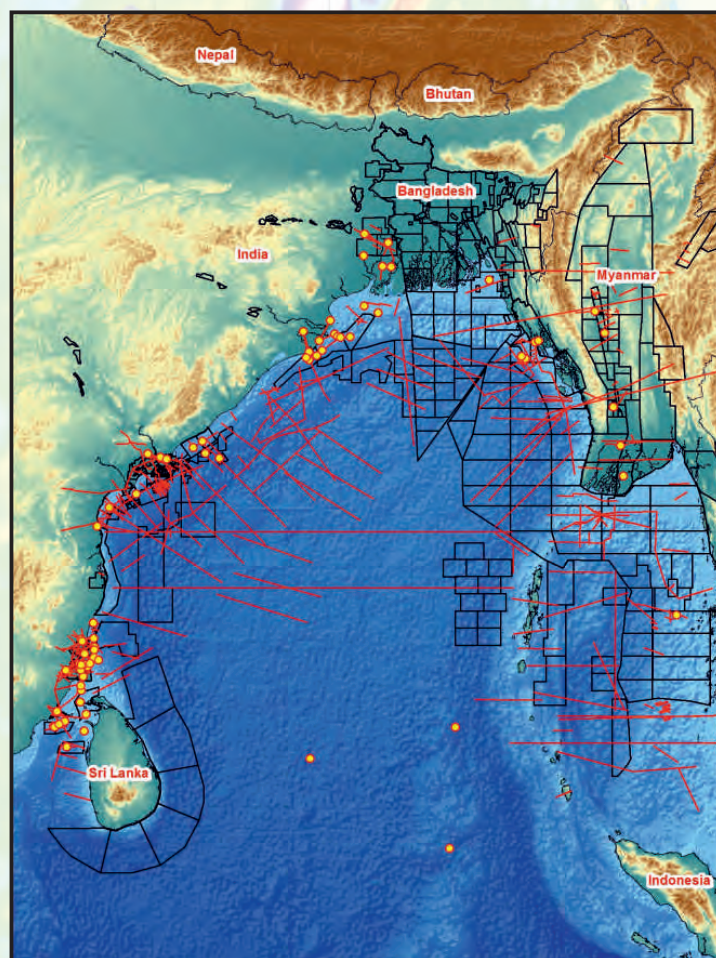

# Deliverables

- ArcGIS project
- 440+ linked sections, 110+ linked wells
- 19 Basin evaluation PowerPoints
- Bibliography with 380+ references
- 40 page executive summary on East Indian Basins

# Basin Dossier PowerPoints

(No of figs in brackets)
